Pricelist winter storage 2026-2027 (incl. 21% VAT)

	Permanent guests	Others
	<i>Prices per m²</i>	
Winter storage insulated hall Includes hauling out and re-launching the ship, transportation on land, pressure wash of the underwater hull and hull, cradle rental.	€ 59,00	€ 62,00
Winter storage heated hall	€ 69,00	€ 77,50
Winter storage on shore Includes hauling out and re-launching the ship, transportation on land, pressure wash of the underwater hull and hull, cradle rental.	€ 27,50	€ 30,50
	<i>Price per ship</i>	
Slings are obligatory for yachts with a standing mast, they will be applied by the Yachtservice department.	€ 55,00	€ 57,00
The following activities will be carried out based on subsequent calculation:		
• Winterization and commissioning the engine and sanitary • Disconnect and connect the mast wiring • Take down and bend the sails • Un-stepping and stepping the mast ≥ 48 feet • Transportation		
Various rates:		
• Un-step the mast	<i>Price per foot mast length</i>	€ 9,75
• Step the mast	<i>Price per foot mast length</i>	€ 9,75
• Mast storage	<i>Price per foot mast length</i>	€ 3,00
• Mast storage with radar	<i>Price per foot mast length</i>	€ 4,00
• Sail to/from the berth	<i>Per action</i>	€ 77,50
• Sail to/from the berth, incl. refuelling (excluding fuel)	<i>Per action</i>	€ 105,00
• Power connection during the winter months, incl. gauge rental (incl. 100 kWh)		€ 128,00
• Gas inspection (excluding materials)		€ 220,00
• Polish and wax the hull	<i>Price per foot</i>	€ 21,50
• Polish and wax the superstructure (smooth surfaces)		
Sailing yachts	<i>Price per foot</i>	€ 23,50
Motorboats	<i>Price per foot</i>	€ 28,50
• Antifouling < 35 foot	<i>Price per foot</i>	€ 26,00
≥ 35 to 45 foot	<i>Price per foot</i>	€ 30,00
≥ 45 foot	<i>Price per foot</i>	€ 33,50
• Surcharge Hempel Mille / HR	<i>Price per foot</i>	€ 5,25
• Wash the sails	<i>Price per m2</i>	€ 9,50
• Sail storage < 40 foot	<i>Price per sail</i>	€ 62,00
≥ 40 foot to 45 foot	<i>Price per sail</i>	€ 73,00
≥ 45 foot	<i>Price per sail</i>	€ 98,00
• Summer storage winter cover < 40 foot		€ 75,00
≥ 40 foot		€ 85,00
• Visual inspection rigging < 45 foot		€ 175,00
≥ 45 foot		€ 190,55
• Environmental surcharge		€ 59,00
• Winter storage outboard engine		€ 75,00
• Storage gas bottles: 1 gas bottle		€ 46,50
2 gas bottles		€ 56,50
• Caravan / Camper storage	<i>Price per m2</i>	€ 30,00
• Dinghy in the hall on trailer < 4 metres		€ 200,00
• Dinghy storage		€ 97,50

Winter storage regulations

(1/10 - 1/4: prolongation by agreement)

We charge customers, with a year-round mooring in our marina, the rates for 'Permanente guests'. The prices mentioned in the column 'Others', apply to transients and other customers.

Underwater hull

The underwater hull will be pressure washed straight after hauling the ship out of the water. This will prevent fouling, which is very difficult to remove later on.

Un-stepping and stepping of the mast and mast storage

The standard un-stepping and stepping of the mast means we will remove the boom and mast without sail, prepare the mast for transportation and stepping the mast the way it was removed before winter storage.

Extra work can be filled out on the form. Your registration for winter storage in the hall, implies that the mast will be stored in the mast storage. The boom will stay on board. To prevent damage to the mast it is not allowed to work on your mast in the mast storage. Should the mast remain on board, then we charge the overall length for the winter storage rate. The construction of the deck has to be suitable to carry the mast safely. In case of deviations or defects we can adjust the rate.

Winter cover

Winter covers, tents, tarps or other types of covering, which can come loose in the wind or can overburden the ship or barge, are not allowed due to safety reasons.

Winterization and commissioning engine and sanitary

Winterization includes: renewal of the engine oil and oil- and fuel filters, preserve the engine and sanitary with antifreeze. During the commissioning, we re-connect all the systems and check the V-belt. We will replace it if needed. To prevent condensation, we strongly advise you to fill your fuel tank completely before winter storage.

Batteries

All batteries must be disconnected, when your yacht is stored in our hall. We advise you to have the batteries fully charged on board before your yacht enters the winter storage hall. Should the batteries need replacing, we offer them at competitive prices.

Gas bottles

In accordance with the Hiswa General Conditions, it is not allowed to leave gas bottles on board, while your yacht is in our covered winter storage. You can store the bottles in our storage, see pricelist.

Sail and Canvas repairs

If you require any sail/canvas repairs, the sail(s) or canvas has to be stored in our sail storage. Please provide a clear description of the repairs on the form.

Standard and other work + Cradles

The place of your ship in the hall or on shore depends on the required work. To ensure efficiency, it is therefore very important that we know what work needs to be carried out, before the ship is hoisted out of the water. The work on ships stored on shore, is weather dependent. All yachts are placed on universal cradles, which fit onto our hydraulic boat car. Special cradles will be used for heavy or long yachts.

Power connection

Marina Stavoren is not responsible for any damages that may occur, due to power outage. The power connection is limited to 6 amps. Power connections are limited available.
